Ph	7 approx
Degradability	> 90%

WARNINGS

AKARYL must be applied in compliance with all the safety regulations provided for by the laws in force, present on the Product Safety Data Sheet (MSDS).

STORAGE AND SHELF-LIFE

Store the product in a dry and well ventilated place indoors at a temperature of between +5°C and +35°C. in its original packaging for up to 12 months.

DESCRIPTION

Clean Up is a high antibacterial and sanitizing detergent created for the prevention of harmful bacterial contamination such as Salmonella and Legionella.

USAGE FIELD

Product suitable for all air conditioning systems

APPLICATION

Apply the product by spraying the nozzle. Shake the product before use. Spray Clean-up directly on the filter. No rinsing needed. Repeat the cleaning routine every 15 days during the maximum usage period. Clean-up can be diluted in any condensate tank present in the air conditioning system. In the presence of very dirty filters it is recommended to remove the filter, clean it with Akaryl and let it dry before applying Clean-up.
